## **Health and Safety**

Lymley Woods expects at least 2 adults to accompany any groups. All groups will receive an induction into health and safety on arrival that includes how to use the camping loos and site boundaries and safety. Special needs children can be catered for but the site is not suitable for wheelchair users. Steep steps lead up to the field, although there is a sloped entrance that is easier for grandparents or those with mobility issues.

## **Screen Free**

Lymley Woods is a screen free venue: *disconnect in order to reconnect to oneself, to others and to nature* is our ethos. Therefore, all party groups are to choose one adult who will take pictures and all other adult phones and devices are to be put away. A professional photographer can be arranged if required for an additional fee.
